During these five days you will
learn how to:

- Create a materials library, setup cost specifications
- Design a variety cabinets both frameless and framed
- Incorporate a variety of joinery techniques and materials
- Modify cabinet parts to create specialized cabinets, such as a clipped corner cabinet
- Design a profile for a cutter and add profiles to a part
- Design and apply cutouts on a part for such as items as wire loom installations
- Attach and design cabinet parts and display items
- Create furniture from simple cabinets
- Create assemblies
- Incorporate hardware with your door or drawer installation resulting in accurate bills-of-material
- Design a room and install cabinets via the Custom Layout features
- Create special objects for a room, such as curved walls
- Modify cabinets after they've been installed
- Review and print a variety of reports, i.e., buy lists, cut lists, cost sheets, including a nested diagram of the parts to be cut on each sheet and individual part diagrams
- Create specialized drawings,

- such as plan and elevation views, orthographic projections of a cabinet and part drawings
- Generate sales proposals
 - Create sales materials for photo-realistic presentations, as well as generate a slide show
 - Purchase your materials from a single source.

The training at our facility also transitions the cabinet project(s) to the machine - You will have smaller class sizes which enables more one-on-one assistance with the instructor.

Training Classes are held at our facility in Dale, IN from 7:00am-4:00pm. They are five days long, (beverages and lunch are provided). Training Classes are limited to no more than 10 students. The cost is payable in advance by check or major credit card (sign up online or give us a call at 1-800-533-6901).

Note: Training classes are conducted in English only.
